

Work Based Learning Student Voice

Course: Hair Dressing NVQ Level 2 Year 1B

Date: 13/10/09

Matters of Health, Safety and Security...

To help us keep West Herts College a secure, safe and friendly place for all Students, we want your ideas

1. Do you/your class mates feel safe at college?
2. How can we become a healthier college?
3. How else can we promote Health, Safety and Security to Students?
4. Do you know what support is available to you if you had any concerns about bullying/harassment?

Notes:

- Going to the gym, running, walking to work
- We eat a lot of healthy food
- Better quality food at refectory (Action)
- If the healthy food could be cheaper than fatty food (Action)
- Could we access the college gym? (Action)

How can we involve specific groups of Students in college life?

For example, different age groups, gender, ability, etc

Notes:

- We think it is dependent on individual employers and also down to personal preference ; hence the college cannot really do anything to promote hairdressing

Student Activities – What, When and Where!

There are already course related activities that are arranged by your tutors for the year.

1. What other activities can we put on for you this year?

Notes:

- Going to theme parks
- Visiting London Fashion Show
- If we could do the hair for the Fashion Show students at the Fashion Week in the college

How else can we communicate with you?

1. How do you communicate with your tutor? Are there any other means you would like to communicate with the College?
2. How do you keep in contact and find out what's happening in college?

Notes:

- We mostly phone our tutor or APO
- 3 students did not have the telephone number of the tutor or the APO

What's On Your Mind? Issues and ideas

1. Tell us what's going well?
2. What can we improve?

Notes:

- +ve: Met a lot of new students
Not being at work for the day
The sessions were slow at first but now the pace is good
The teacher is very good and we are taught really well
If we are stuck the teacher helps us
- ve: We would like to be assessed more in the college
Someone else apart from Goldwell come and does talks
Parking
